

The work of the National Bank of Georgia combines several key functions:

ENSURING PRICE STABILITY

The National Bank maintains price stability by securing a low and predictable rate of inflation.

SUPERVISION FOR FINANCIAL STABILITY

The National Bank oversees the financial sector and safeguards the stability and transparency of the financial system to protect the rights of consumers and investors.

ISSUANCE OF MONEY

The National Bank provides the country's economy with cash. It is also authorized to produce numismatic valuables: collector coins and banknotes.

MANAGEMENT OF INTERNATIONAL RESERVES

The National Bank owns, manages and disposes of international reserves - the largest asset on the balance sheet. The management is governed by principles of security, liquidity and profitability.

PROMOTING THE DEVELOPMENT OF THE SECURITIES MARKET

The National Bank regulates the securities market, protects the interests of investors and safeguards the openness of public trading

FOSTERING THE DEVELOPMENT OF PAYMENT SYSTEMS

The National Bank promotes the safe, sustainable and efficient functioning of payment systems.

PROTECTING CONSUMER RIGHTS

Protection of the rights of consumers in the financial sector is regarded by the National Bank as its principal priority. The Bank has assigned the **Consumer Rights Protection Division** to monitor this on an on-going basis.

STATISTICS AND RESEARCH

The National Bank conducts analytical and research work and produces financial and foreign sector statistics.

National Bank of Georgia
Cash Centre

The first central bank in Georgia was established in 1919 and functioned before the country was Sovietized. It has been operating as the central bank of **independent** Georgia since 1991 to date.

The independence of the National Bank of Georgia is guaranteed by the Constitution of the country (Paragraph 3, Article 95,) and the Organic Law.

Being the Government's banker and fiscal agent, the National Bank of Georgia represents Georgia in the international financial arena.
